Introduction

Overview

- + The Access Management Portal will allow you to manage your users and their download entitlements in a “self-serve” form factor.
- + The portal is hosted on Arm Developer here:
<https://developer.arm.com/access-management>
- + You MUST login using your Arm Account credentials to use the Access Management Portal.
- + When you add or remove users and their permissions, it will change their ability to locate and download product(s) in [Product Download Hub](#).

Permissions

- + You need to be assigned access manager permissions by Arm.
- + If you need to change any of the access manager(s) for your company, please contact your Account Team. *If you are unsure of who your Account Team are, then please [open a support case](#).*

Terms of Use

- **DO NOT** attempt to add any users to entitlements who are not part of your company.
- **DO NOT** attempt to add users to entitlements located in China, Hong Kong, or Macau.
- **DO NOT** attempt to add users to entitlements marked as Export Restricted.
- **DO NOT** attempt to circumvent US, UK and other applicable export control laws and regulations.
- When in doubt, before adding a user to entitlements, [open a support case](#).

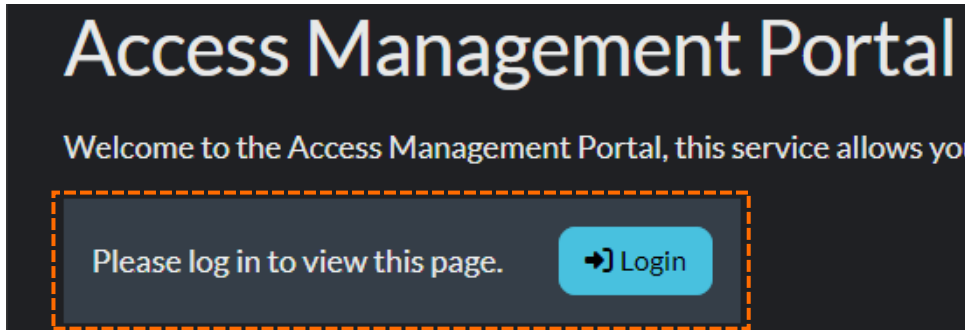

Failure to adhere to these Terms could lead to a revocation in access.

Login

arm

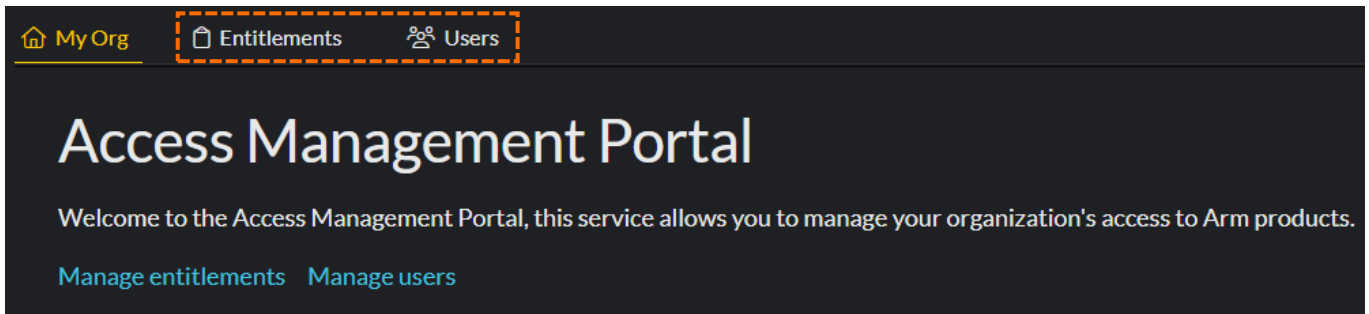

Logging In

- + To access the Access Management Portal, you must login using your Arm Account. Login to the Access Management Portal here: <https://developer.arm.com/access-management>

Entitlements and Users

- + Once logged in, your menu will populate with two new fields, "Entitlements" and "Users".

Insufficient Permissions

- + If you see the message pictured below, you do not have the required permissions. You must contact your Account Team or [Open a Support Case](#) to request the required permissions.

Managing Users

Managing & Searching for Users

- + A user must exist in the system before you can assign permissions.
- + Within the 'Users' section you can:
 - Create new users
 - Search for existing users and view their permissions
- + You can search and find existing users in your organization or create and add a new user.

The screenshot shows the 'Manage Users' page. At the top, there are tabs for 'My Org', 'Entitlements', and 'Users'. The 'Users' tab is active. Below the tabs, there's a search bar with the text 'Emad' and a magnifying glass icon. To the right of the search bar is a button labeled 'Export All to CSV' and a button labeled '+ New user'. Below the search bar, there's a section 'Filter by role:' with three checkboxes: 'Entitlement Admin', 'User Admin', and 'Software License Manager'. Below the filters is a 'Clear search' button. The main part of the page is a table with columns: 'Name', 'Email', 'Role(s)', 'Status', and 'Actions'. There are two rows of data, both showing 'Emad Example' and 'test@hotmail.com'. The 'Status' column shows 'Active' for both. The 'Actions' column has a 'View' button for each row. At the bottom, there's a pagination bar showing 'Showing results 1 - 2 of 2' and navigation buttons. Callouts highlight the search bar, the '+ New user' button, and the 'View' buttons.

Viewing Permissions

The screenshot shows the 'Manage User' page for a selected user. At the top, there's a 'Back' button. Below it, the title 'Manage User' is followed by 'Selected User'. The user details are shown in a table with columns: 'Name', 'Email', and 'Status'. The data row shows 'Emad Example', 'test@hotmail.com', and 'Active'. Below the user details is the 'User Entitlements' section. It has a search bar and an 'Export All to CSV' button. Below the search bar is a table with columns: 'Product', 'Name', 'Valid to', 'Export Restricted', 'Sales Order', 'Contract', and 'Actions'. The table is empty, showing 'No results.' at the bottom. At the bottom of the page, there's a pagination bar showing 'Showing results 1 - 1 of 1' and navigation buttons. Callouts highlight the user details table, the 'User Entitlements' section, and the 'No results.' message.

Create a New User

- + You can only create users to be apart of your company.
- + Users can only be added with your approved company email domain(s).
- + You must contact your Account Team or [Open a Support Case](#) if you need to change your domain list.

The 'Create user' form is shown with a dashed orange box around the input fields. An orange callout bubble points to the form with the text 'Fill out all user details'. Another orange callout bubble points to the 'Create' button with the text 'Click 'Create' to ensure new user creation'.

Create user

Name

Peter Pan

Manage Users

The 'Manage Users' interface is shown with a green success message box. A search bar is present with the text 'Find users by email or ...'. Below the search bar, there are filter options for role: Entitlement Admin, User Admin, and Software License Manager. A 'Clear search' button is also present. At the bottom, there is a table with columns: Name, Email, Role(s), Status, and Actions. A footer note says 'Search for users by email address or name.'

Clear search

Name	Email	Role(s)	Status	Actions
------	-------	---------	--------	---------

Search for users by email address or name.

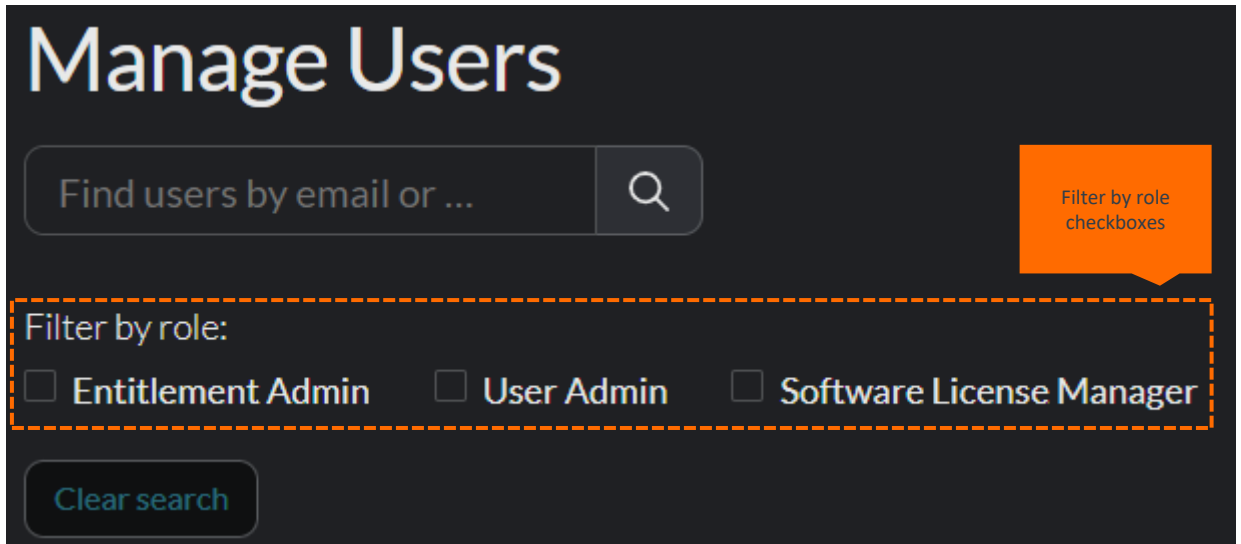

Role Definitions

- + In the Access Management Portal, there are three roles that can be given to a user:

Entitlement Admin	Ability to manage Entitlements- this includes searching for current entitlements, adding users to entitlements, and viewing who is included on an entitlement.
User Admin	Ability to manage Users- this includes searching for current users, adding new users, and assign the Software License Manager Role.
Software License Manager	Ability to view all your company's serial numbers in relation to software licenses. <i>*Not Including User Based Licenses</i>

Filtering by Role

- + When searching for users, you can 'Filter by role' to help with refinement and efficiency.

The screenshot shows the 'Manage Users' interface. At the top, there is a search bar with the placeholder text 'Find users by email or ...' and a magnifying glass icon. To the right of the search bar is an orange callout box with the text 'Filter by role checkboxes'. Below the search bar, there is a section titled 'Filter by role:' which contains three checkboxes: 'Entitlement Admin', 'User Admin', and 'Software License Manager'. At the bottom left, there is a 'Clear search' button.

Managing Entitlements

Managing Entitlements

- + Only “active” entitlements will be visible in the Access Management Portal.
- + Within the ‘Entitlements’ section you can:
 - Change a user’s permissions for Entitlements
 - Search Entitlements

Search by product code, name, sales order or contract id

Support

Support

- + For any issues outside of the Access Manager Portal functionality, please continue to use the standard support routes for your company.
- + If you need to change any of the Access Managers for your company, please contact your Account Team. If you are unsure who is on your Account Team, then please [Open a Support Case](#).
- + Users can only be added with your approved company email domain(s). You must contact your Account Team or [Open a Support Case](#) if you need to change the list of approved domain names associated to your company.
- + Arm teams currently carry out additional diligence before granting Users access to **Export Controlled Entitlements**. Please [Open a Support Case](#) if you need to make amendments to the access to these products.
